E. Padgett, president of the San on, will be guest speakers Tuesday Dining Room when the San Diego County Development Federation holds their September meeting Meeting will be at 7 o'clock and dinner cost is \$1.75. Highway 80 Chamber of Commerce will be host.

Because of the continued influx of people to this area, according to John Abbott, president of the Federation, problems of cooperation between several centers of growth is faced on matters concerning the welfare of the entire area.

In line with this premise, Powell will discuss "A Single County Government."

Padgett claims that San Diego County will be built up solid in the next 20 years and it faces indifferent success in large projects if it continues to be made up of many cities. He calls for an old fashioned city with completely centralized control for the entire county area by forming the first metropolitan city of small neighborhood boroughs.

Padgett claims this is presently possible under California law. The public is welcome to attend and reservations should be made by calling BE 4 6415.

Carlyle Reed, former publisher of the El Cajon Valley News, has been named public relations director of the El Cajon Chamber of Commerce.

Most tourists visiting Mexican resorts pratronize San Diego hotels, motels, cafes and gas stations.

It's field day, or rather range day, at the GROVE theater tonite through Saturday! "Southwest Passage" is one of the two popular movies in color by pathecolor. This movie stars Rod Cameron, Joanne Dru and John Ireland. The most interesting feature of this facture is of the first American Camel Corps that battles scorched sands and screaming Apaches to blaze a trail to the gold coast—California—They say western movies are getting better every year. If "Southwest Passage" is an example of that saying—then it's true!

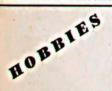

The co-feature is "Adventures of Robinson Crusoe" based on Daniel. Defoe's immortal classic. The movie stars Dan O'Herlihy as Crusoe and James Fernandez as his man Friday! A brief synopsis of the movie would go "like this: The sole survivor of a shipwreck, Robinson Crusoe reaches an uncharted island. Faced, with an unknown wilderness, he carves out a life for himself with his bare hands. One day he spies footprints in the sand and sees cannibals burning a victim! In a daring attack, Crusoe rescues the captive savage and names him Friday! Fars later a pirate ship is sighted on the horizon and then Crusoe faces his greatest danger when the plundering cutthroats storm his fortress in search of treasure. With Friday leaping into the fray, Crusoe heroically beats back the marauders and emerges victorious. The pair commandeer the pirate ship and sail home.

### The Inside Story Do You Have the 'Fall Urge to Paint Some Rooms? Here's How

Palmer Svalstad and George Kowach, owners of the Lemon Grove Building Co. recently started a builder's hardware and supply company at 7092 Broadway, in the Building Company's new building.

The article here, which they submitted, appeared to cover so many questions concerning painting that the editor is reproducing it as a home-making service.

The material has been gleaned from an even more comprehensive study made by Benjamin Moore Painting that the Head of the firm features. Additional help and guidance may be obtained from Kowach or Svalstad. Benjamin Moore makes the well-known Alkyd Sani-flat interior paint and the Satin Impervo decorator's enamel.

The Review has its Mason and

moss along the trail when the
occasion warrants it? A remark
of last year concerning the difficulty in finding a place to park

it has come to light through an
irate woman's survey, that many
of the spaces on a certain block

I thought of the remark made at

She had her Xmarmoney; her Thanksgiving money; her Aunt Alva's birthday money and even a fund against a shower gift for a neighbor whom she has suspected for two years of being pregnant.

We were reconciled to the loss of the dough, but I felt she ought to be beat (1. for losing the wallet (2 for holding back that loot out of the household money.

Such was the atmosphere when the phone rang and a voice said he had found the wallet. We hurried over to the Linda Vista home of Howard L. McCleary, a Convair employee who lives at 2323 W. Jewett Street. With their two sons, Frank 12, and Bill 11, they were eating dinner and Dick Overgaag, a Spring Valley youth whose parents subscribe to the Review, was a guest.

Frank had found the wallet but I peeled two fives out of the myriad secret compartments and tendered them to Frank's father. He bristled! "My boy's honesty is not for sale," he stated.

This is only to show him that impose the probably looked like the beginning of a good street jath. Lemon Grove Review.

"Here is what he said last week about William Bonelli, the liquor czar of the Board of Equalization.

"Robert E. McDavid, Republican nominee for Member of the State Board of Equalization in the Fourth District, charged recently that William G. Bonelli has tightened his control on the liquor license market in Southern California by a clever connivance in declaring a year's moratorium on the issuance of new liquor licenses. Commenting on the recent action of the Board of Equalization, McDavid noted that no restrictions were placed on the transfer of licenses already issued and observed that this action will have the immediate effect of increasing the market price of existing licenses.

"Quoting McDavid: The pres-

this action will have the immediate effect of increasing the market price of existing licenses.

"Quoting McDavid: The present resale market of liquor licenses in Bonellis' corrupt Fourth-Districf is almost at a standstill, due to the expanding investigation of graft and fraud in the Southern California license racket Bonelli's carefully planned action is a windfall to his many "friends" who have licenses for sale and to the liquor license brokers whose victims are the honest people who earn a legitimate livelihood. The Board granted permission to 61 persons to apply for new licenses, which will probably be granted before putting the freeze order into effect and Bonelli estimated that approximately 30 more requests are pending and will be given consideration. Commenting on this, McDavid said: 'It is noted that Bonelli arranged to "take care" of a few friends before instituting an order to freeze new liquor licenses. I hope that the Attorney General will carefully scrutinize the 90 applicants, who will be given preference, and will render a report to the people. It will also be interesting to observe how soon these new licenses will be placed on the re-sale market."

California—charter cities and cities of the sixth class. However, no city can draw its own charter unless it has been incorporated as a sixth class city for seven years. When a city operates under the provisions of a charter it is not subject to the statutes and laws of the state legislature. Thus another description of the two types of cities has arisen: "general law" or sixth class, and "home rule" or charter. An example of a charter city is San Diego, the only one in this county.

an order of the State Board of Public Health prohibits the gathering or sale of mussels for human consumption between May 1 and October 31. Clams are less affected and are not under quar-antine but the board advises that dark parts of clams, in which the poison is stored, should not be eaten.
